

## SINOLINES REEFER LCL SERVICE

TOKYO/KOBE to SHANGHAI

### INTRODUCTION

As Japanese cuisine gains popularity in China, many Japanese restaurants have opened in major Chinese cities.

Among them, Shanghai has the most Japanese restaurants, with over 3,000 establishments serving popular Japanese dishes and sake.

Our company's innovative Japan-Shanghai reefer LCL service offers affordable frozen transportation of high-quality Japanese agricultural and processed products, which is much cheaper than air transportation. Please feel free to contact us if you are interested, and our staff will be happy to answer your questions.

### SCHEDULE

#### Tokyo-Shanghai

ETD on the 1st and the 3rd Monday every month.

CFS CUT is 5 days before ETD.
